#CivicHack #HackItForward

HackTx Challenge: **Overnight Citizens Brigade!**

Your mission, if you choose to accept it, is to hack on behalf of any 501(c)3 non-profit organization (including schools!), to conjure up a veritable “army” of stakeholders who have opted-in to support a cause or project.

You will:

1. Identify a 501(c)3 non-profit.
2. Identify a cause or project related to your non-profit.
3. Identify a target audience that you seek to recruit.
4. Design a verifiable opt-in process for your recruits.
5. Design, build, and deploy a system to recruit!
6. (Stretch) Store opt-ins - *aka recruits* - in any DB.
7. (Stretch) Develop an API and share with:

michael@teachertalent.io
(endpoints and access keys)

OR...

Go for broke. Alternatively we may elect to give a prize to the project that best addresses a key civic sector problem.
